

IEEE Digital Badging for Continuing Professional Education

An IEEE digital badge is a credential that indicates an accomplishment or skill that has been earned through participating in IEEE courses and events. These badges can be displayed and verified online.

WHAT ARE THE BENEFITS?

- Represents successful completion of a program with verifiable skills
- Easily display accomplishments as you build essential skills
- Share credentials across social media
- Use as a self-promotion tool for career growth

INDIVIDUALS CAN EARN AN IEEE DIGITAL BADGE BY:

- Completing select course programs through the IEEE Learning Network (ILN), or by
- Attending a series of select virtual events hosted by IEEE Educational Activities

SHARE YOUR DIGITAL BADGES ON:

- Social Media
- Email Signature
- Digital Resumes
- LinkedIn Certifications
